

Check out the new COVID-19 Resource Center on SharePoint

To make it easier for staff to access important COVID-19 news and information as it relates to HRRMC, there is now a [COVID-19 Resource Center](#) on SharePoint. You can access the Resource Center from the left navigation on the SharePoint homepage.

The Resource Center will be your go-to page for up-to-date COVID-19 vaccine clinic and testing information, restrictions and protocols, staff contacts, Town Hall recordings and more. Please review it when you have a moment.

If you have any questions or suggestions for additional resources, contact the Marketing department at x2417 or info@hrrmc.net.

The screenshot shows the COVID-19 Resource Center page on SharePoint. At the top is a navigation bar with links: IS Ticket, Plant Ops Ticket, Relias, RQI, Lippincott, UKG, UKG Clock, PolicyStat, Benefits Center, Phone Book, and COVID-19 Resource Center. The main heading is "COVID-19 Resource Center". Below it is a horizontal menu with links: Vaccine Clinics & Appointments, Vaccine Providers, COVID-19 Testing, Town Hall Recordings, Employee Newsletters, External Agency Resources, Staff Contacts, Self-care Resources, Presentations, Press Releases, and CDPHE Dial Status. The page is divided into two columns. The left column contains links to HRRMC Vaccination Policy and HRRMC COVID-19 Restrictions and Protocols, followed by sections for Vaccine Clinics & Appointments, Vaccine Providers, COVID-19 Testing, and Town Halls and Related Presentations. The right column features a "CDPHE Dial Dashboard – Current Status:" with a color-coded bar and a large yellow box indicating "LEVEL YELLOW CONCERN".
